

How to Link to GTP iCommerce

If you are a professional services company specialising in marketing, graphic design, web site development, ecommerce, search engine marketing, accounting software such as MYOB, QuickBooks, Pronto or similar professional areas then we would be interested in promoting your business as a link partner to help you become a leading provider of your services in your region.

STEP 1. Your web site links to GTP-iCommerce

To link to our web site we would like the link to be in the following format

[Ecommerce Web Site Development | Australian Shopping Cart Solutions](http://www.gtp-icommerce.com)

Feature packed Australian e-commerce web site solutions featuring shopping cart, content management, secure credit card capture and processing, integrated email marketing, referral programs, loyalty programs, accounts packages integration and more.

www.gtp-icommerce.com

Please copy and paste the below HTML (as text) code into your links page on your site

```
<P><a href="http://www.gtp-icommerce.com"><B>Ecommerce Web Site Development |  
Australian Shopping Cart Solutions</B><BR> Feature packed Australian e-commerce web  
site solutions featuring shopping cart, content management, secure credit card capture and  
processing, integrated email marketing, referral programs, loyalty programs, accounts  
packages integration and more.  
<BR><a href="http://www.gtp-icommerce.com"> www.gtp-icommerce.com</a></P>
```

Location of link

Please note that we request that the web page where you link us from is within 1 click from your home page or has a page rank of 2 or above.

STEP 2. GTP iCommerce links to your web site

Please then email back to support@gtp.com.au the link format required for your web site link and we will place this into our link structure.
