

► **Quick to Program**

Online training videos teach you how to program your controller in minutes! Just visit www.rainbird.com/esprzx.

► **Easy to Use**

At-A-Glance programming allows you to modify and view each zone's schedule on a single screen.

► **Built to Last**

With more than 50 years of controller design experience, Rain Bird's legacy of quality has been integrated into the ESP-RZX.

ESP-RZX Controller

Eliminate the guesswork from your irrigation controller

Say goodbye to common programming issues. The ESP-RZX is modeled after the simplicity of your DVR. Simply pick a zone, set the run time, start times and watering days, all from the same screen! With zone-based scheduling, the ESP-RZX allows your irrigation system to be fine-tuned to the individual needs of each zone, without the hassle of having to deal with multiple "programs"

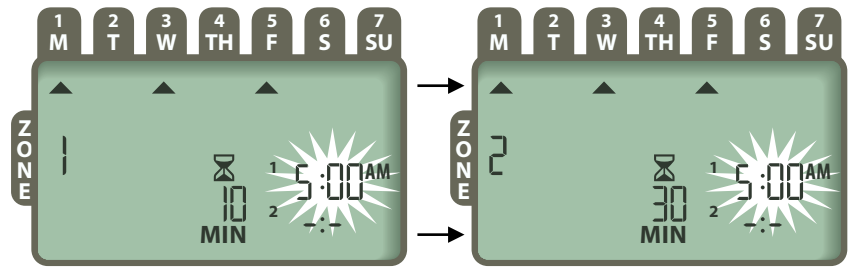

For your peace of mind, online training videos are available 24/7, just in case you need them.

For homeowner friendly tutorial videos just go to: www.rainbird.com/esprzx

ESP-RZX Controller

Quick to Program

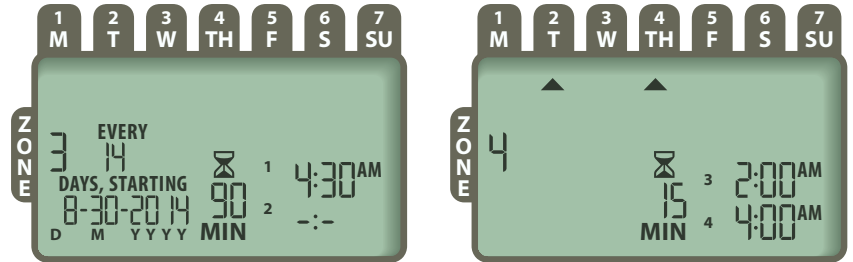

- Contractor Rapid Programming makes the ESP-RZX program like a traditional controller at installation.
- Start times, watering days and run time by zone, all on one screen!

Start times are automatically stacked so that only one zone irrigates at a time.

Easy to Use

- Eliminates common homeowner programming errors, like adding a start time for every zone or adding a zone to the wrong program.
- For the ultimate flexibility, each zone can be scheduled as its own program.

Zone-specific schedules are easy to understand and modify.

Priced Right

- Powerful features and reliability at an affordable price.
- Indoor/Outdoor models available in 4, 6 and 8 station configurations.
- Industry leading 3-year trade warranty.

Indoor Model

Outdoor Model

Advanced Features

- Contractor Default™. Allows you to simply save and restore your custom schedule.
- Rain Sensor bypass by zone.
- Compatible with Rain Bird's LIMR remote.
- Contractor tutorial videos are available at: esprzx.rainbird.com/contractor
