

## Playspace Resource Kit

Kidsafe SA Inc is a non profit, non-government organisation devoted to the prevention of unintentional death and injuries to children. Since the establishment of Kidsafe in Australia in 1979, the number of children killed as a result of unintentional injury has more than halved. Kidsafe has undoubtedly played a major role in this decrease; it is the leading advocacy group for child safety in Australia.

Over the past several years, Kidsafe has dedicated a great deal of time and effort to the prevention of playground related injury, which has consistently been the largest cause of injury related presentations to Emergency Departments of Children’s Hospitals around Australia.

With funding support from the Australian Government Department of Health & Ageing, Kidsafe has produced a Playspace Resource Kit for distribution free of charge, to early childhood sector sites throughout the state. The kit provides information on the requirements of the latest Australian Standard for Play Equipment, AS 4685:2004. It also covers information on topics such as playspace providers legal responsibilities, safe play surfaces, safe play without hazards, safe maintenance, safe play rules and safe play benefits.

The kit will be an invaluable resource for child care centres, schools, local councils, libraries and all playspace providers.

Copies of the Playspace Resource Kit can be purchased from Kidsafe SA Inc for \$29.95 (P&H and GST inclusive).

I would like to purchase ..... copy/copies of the Kidsafe SA Playspace Resource Kit @ \$29.95 per copy (inclusive).
