## AutoCAD 2009 Basic

**\$600 (2 days)**

Are you a new user and looking to get into the Computer Aided Design and Drafting field? This course is for you. Learn to construct, edit, and print basic 2D drawings.

This course is ideal for new users, Document Controllers, CAD operators, and drawing office administration staff.

## AutoCAD 2009 Essentials

**\$800 (3 days)**

Are you a self-taught user who was never formerly trained in AutoCAD? Or perhaps you have just started in a new position and need to get things done the right way. Remember-you don't know what you don't know.

This course is ideal for Engineering graduates, new employees, and self-taught users.

## AutoCAD 2009 Update

**\$350 (1 day)**

Upgraded to the latest version and need to know of the latest features and how to use them (and in some cases, how to turn them off)?

This one day course focuses on just the latest features and is ideal for the busy person who doesn't have the time to sit down a 'play' with the tool that is supposed to be making their business
