High Performance OHS Eye Protectors

EYRES FOG-FREE WAX
giving you incredible
vision when you
need it most!

Stop fogging on your safety glasses, sunglasses, mask and goggles with EYRES Optics New Fog-Free Wax! Prevents fogging and condensation on glass and plastic by minimising surface tension so water vapor does not adhere.

Fog-Free Wax is the newest development by EYRES Optics, inspired by quality and function. It is safe to use on all types of lenses, traditional and polarised. No longer will you have to put up with reduced visibility as EYRES Anti-Fog Wax:

- Prevents fogging and condensation
- Cleans and removes dirt and grime
- Non-toxic, non-irritant
- Easy to use
