

Maintenance

Sure Grip Cleaner Degreaser is the first line of defense in the battle against slippery floors. The alkaline free formula emulsifies and suspends soil, grease and other contaminants, removing them deep from the pores of floor surfaces, so they can be successfully rinsed away. When used as part of a regular floor maintenance program, it will leave the surface clean and residue free, reducing the occurrence of polymerization and greatly improving traction. It contains no Phosphates, Butyl or Bleaches and is safe to use and **biodegradable**.

Laboratory tests have proven that the active ingredients in Sure Grip Cleaner/Degreaser is effective in killing bacteria including the Following micro-organisms

- **E-Coli**
- **Listeria Monocytogenes**
- **Salmonella Poona**
- **Staphylococcus Aureus**
- **Pseudomonas Aeruginosa**

SURE GRIP Cleaner/Degreaser as your daily maintenance cleaner will produce swab tests significantly improved by lowering the total bacteria count in all facilities. You'll see a dramatic difference along with immediate excellent swab results.

SURE GRIP Cleaner/Degreaser greatly enhances floor safety for employees and food safety for consumers of your products and it is environmentally friendly. Your working conditions will be cleaner and safer than ever in food processing industries, restaurants, hotels, airports, hospitals, offices and other businesses. Our cleaner will save you money, as the only cleaning chemical necessary to maintain safe floors after installing our Sure Grip Treatment.
