

RA Marine, a charter agreement company that allows your organisation to acquire the vessel(s) you want without the hassle of ownership. RA Marine offers the Tuff Punt - small transfer vessels for the commercial marine sector.

Our Tuff Punt vessels are constructed out of High Density Polyethylene plastic and suitable for:

- Crew transfer
- Diving operations
- Maintenance work
- Fast oil response
- Work platform

RA Marine offers a number of advantages over other vessel providers →

The benefit of our vessels over other materials is that plastic needs minimal maintenance – our vessels are durable, don't rust, corrode or suffer electrolysis. Being made of plastic also means that our vessels don't use antifouling which has harmful effects on the environment.

Vessels are delivered ready to work in compliance with WA DPI and USL CODE standards.

Operational within 5Nm of the continuous mainland coast.

Vessel size	Capacity	Optional extras
5.5 m	<p>Safety gear and equipment for 8 personnel to comply with survey exempt vessel standards.</p> <p>Single / Twin Outboard engines or alternatively Inboard Diesel engine coupled to jet unit (maximum allowable engine Hp is 200 hp).</p> <p>Vessel file – comprehensive guide to operation and related certificates</p> <p>Custom lifting sling</p>	<p>Echo Sounder</p> <p>Sunshade - collapsible</p> <p>Diver access ladder</p>
7.9m	<p>Safety gear and equipment for 12 personnel to comply with survey exempt vessel standards.</p> <p>Single / Twin Outboard engines or alternatively Inboard diesel engine coupled to jet unit (maximum allowable engine Hp is 200 hp).</p> <p>Vessel file - comprehensive guide for operation and related certificates</p> <p>Custom lifting sling</p>	<p>Custom built tandem axle marine grade Trailer</p>

Chartering a vessel provides a low risk alternative to ownership. There are no future residual costs - you pay for the term of the agreement.

RA Marine provides the use of our vessel in return of regular payments. Charter terms and conditions are negotiable as costs will depend on length and type of vessel usage.

Outright purchase of vessels can be an option – available on consult.

We have a dedicated team of consultants to ensure that all client enquiries are responded to in a timely and professional manner.
