

## Black H/D Petro Chemical Suction Hose

Product Code	Diameter (mm)		Working Pressure (PSI)	Weight (Kg/m)	Vacuum Rating (M/H2O)	Roll Length (m)
	ID	OD				
SHPC025	25.0	31.9	145	0.55	9	20
SHPC032	32.0	39.4	130	0.70	9	20
SHPC038	38.0	46.1	115	0.87	9	20
SHPC050	51.0	60.2	100	1.33	9	20
SHPC063	63.0	74.4	90	1.81	9	20
SHPC075	76.0	89.6	90	2.44	9	20

### Applications:

A highly flexible hose particularly well suited for collection of environmental waste products and chemicals. Its high nitrile content PVC compound gives this hose improved resistance to mineral oils and animal fats as well as reducing compression set. Ideal for grease trap & septic tank applications especially in colder weather. High nitrile content gives the hose excellent UV stability.

Colour: Black with rigid PVC spiral reinforcement.

Working Temp: -5 to 60 degrees C

### Features:

Nitrile and PVC blend hose ensures an excellent chemical resistance and superior flexibility. Good weathering properties.
