

White Marine Sanitary

Product Code	Diameter (mm)		Working Pressure (PSI)	Weight (Kg/m)	Vacuum Rating (M/H2O)	Roll Length (m)
	ID	OD				
SHSAN19	19.0	25.9	130.5	0.28	7	20
SHSAN25	25.0	31.9	130.5	0.39	7	20
SHSAN38	38.0	46.1	47	0.69	7	20

Applications:

White flexible suction and discharge hose.

Manufactured using Nitrate to minimise the permeation of odours through the hose when used with sanitation systems in boats, caravans and recreational vehicles.

Colour: White with rigid PVC spiral reinforcement.

Working Temp: -5 to 60 degrees C

Features:

Flexible sanitation hose, with excellent odour permeation resistance.
