Hire / Sales / Service

Concert and Theatre Sound & Lighting - Staging - Prof. Makeup

Volume 2 Issue 2

August 2001

For over 20 years Ashton Admor has been associated with primary schools and high schools in both the hire and purchase of our large range of equipment. Anything from theatrical and concert lighting, sound equipment and staging. We can do small indoor events up to a large outdoor concert. We are also one of the few companies in Perth who sell a great range of quality Mehron theatrical makeup.

Portable PA Systems

We sell a good range of portable PA systems very suited to school usage.

Soundtech, AL1RE a portable 100 watt PA with rich sound and punchy base. Great for aerobics and dance classes. Features 2x mic, 1x dual RCA line and 1x aux input and extension speaker outputs. Includes a 5 band graphic equaliser. Comes with retractable handle and wheels **\$1033.00** inc GST.

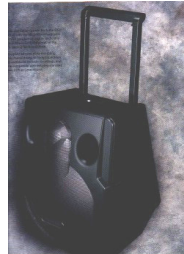

The WA820R Chiyo Dual channel UHF Portable PA. With a clean 'corporate' look, includes a 3 pin XLR trolley and handle, pitch control on the cassette decks, excellent for aerobic and dance applications! Priced at **\$ 1899.00** inc GST.

Mipro MA707 64W portable PA system including in-built rechargeable battery supply. Includes a cord microphone but does not include a wireless microphone receiver or stand, this one priced at **\$1326.00** inc GST. **Radio mic system avail as well.**

SH - 121 Personal PA System - A small amplifier strapped around the waistband, comes with a MIC 886 ear-hanging microphone, 1.5/SUM~3 batteries, 6 piece and a KS-121 carry case (optional). Makes a very handy teachers aid. Excellent for classroom situations and small school assemblies. Priced at **\$214.50** inc GST.

Expedition Portable PA system

A two-way loudspeaker system great for music reproduction. Can be used where as a fixed installation or where portability is needed. They are lightweight, rugged with telescopic handles and locking

wheels. The supplied mounting bracket makes it easy to hang Expedition Series on walls or ceilings. The **EX20** priced at **\$1199.00** and **EX30** priced at **\$1699.00**, can both run on battery power with the RB20/30 rechargeable battery kit.

Half mask **\$3.57** inc GST.

Moustaches

Black only, come with stickered back in two types -

How To Construct a Crepe Beard

If a beard is going to be worn for any length of time, it is a good idea to construct it on top of a latex foundation. Latex foundations can be constructed either on the performers face or on a plaster life mask.

Materials

- Liquid latex (clear or skin-tone)
- Crepe hair
- Scissors (clean and sharp)
- Comb
- Hair dryer

1- Apply 4-5 thin coats of latex foundation on the area of the face you require the crepe hair, allow to dry between coats. (see Figure 1)

2 - Straighten crepe hair by loosening braid and wetting the hair. Stretch the unbraided strand completely straight (or to the desired waviness) and allow to dry. Hair can be force-dried with a blow dryer or an iron set to 'wool'. (It's a good idea to cover it with a clean, cotton handkerchief before ironing).

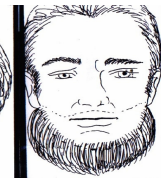

3 - Cut the crepe hair a bit longer than desired length. Make sure that you have enough hair to go from ear to ear for about three rows and that the bottom row is the longest, each row being a little shorter than the first to give a staggered effect.

4 - Dab a small area of the face with a thin coat of latex starting near the ear, press the crepe hair onto it and work your way along fairly close to the bottom of the jaw-line. (see Figure 2) Place another line of hair just

Fig 1

Fig 2

Fig 3

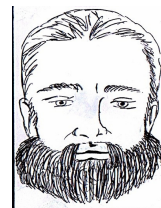

above so it overlaps the first to give the beard thickness and width. (See Figure 3).

5 - The moustache needs about one or two layers of crepe hair one row applied on top of

Fig 4

Fig 5

Fig 6

the other (depending on how thick you want it). Start from the edges of the upper lip in towards the nose following the natural, downward growth. (see Figure 4 & Figure 5)

6 -Once latex is dry, trim off the excess hair to desired length. (See Figure 6)

7 - You can use your fingers to gently ease the hair into shape and give the completed beard a gentle combing. Set it with hairspray if so desired.

8 - To remove the crepe beard, simply pick off a corner of the latex foundation and gently pull beard from face. Cleanse face with warm water or make-up remover to remove any traces of latex.

This is a basic guideline. With a little imagination and Mehron, you can create any style.

HIRE DEPARTMENT

Ashton Admor have a full sound, staging and lighting hire department, excellent for end of school concerts, socials assembly's and drama productions.

Chris Stace our hire manager will do all he can to ensure you receive the professional assistance you expect.

We can supply simple equipment that you can easily operate yourself or for more complex jobs, we are able to provide a trained technician to organize and operate the equipment.

School Discos and Social nights

We can hire out a disco system, lights, sound, mirrorballs and dry ice machines to make your school social a success.

We have equipment to hire for **school sports and swimming carnivals** and can provide sound equipment as well as loud hailers, horns on stands and even a caravan.

We can deliver, install and later dismantle and remove the equipment. Or if you are handy and want to save some money, you can do it all yourself.

Brochures

We can't show you everything here, but we do stock brochures & price lists on most of our items.

For makeup, we can provide full-colour catalogues a price list and a school order form.

Need Some Assistance?

For sales or repair inquiries please ask for **John Culverhouse**. For hire, contact **Chris Stace** And for makeup, ask for **Rudy or Chrissie**.

STAGING

Ashton Admor provide a range of high quality portable staging for hire or purchase, all designed to create a stunning setting for your show or promotion. The staging can be constructed to many different sizes. The tops can be black carpet or painted wood finish.

The stage can be dressed in black, red velour, blue, green, white or any colour of your choice. The staging comes in heights of **300mm, 600mm or 900mm**. We also have experienced staff to install your staging to the highest of standards. We can also hire out steps and ramps for wheelchair access.

Our **partitions** available for hire are free-standing and come in a standard size of 8' x 4'. They are available in black carpet, wood grain, black or white paand would be great for displaying students painted artwork.
